TCMedia also welcomes your associates' participation on our Board of Directors or as volunteers for many activities. For more information, send an inquiry to info@tcmedia.org.

What is the Business Circle?

Your business is a fixture of our vibrant community. As a member of the Thurston Community Media (TCMedia) Business Circle, you join a cadre of businesses that have lent their support to TCMedia and our mission to provide media resources that build stronger communities.

Business underwriting can fund a specific media service such as streaming of our content, providing closed captions, or youth media activities. Or, you can provide general operating support for our overall activities including our production training services or media arts center operations.

You can also provide sponsorship for any of the community centered video content we create every year. Our content is seen on cable channel 22 in greater Thurston County and on Roku, FireTV, AppleTV and through our website - tcmedia.org - and on YouTube.

Business Circle members are acknowledged in a variety of ways. TCMedia can customize a package that supports your marketing needs, showcasing your business in ways that are most beneficial to you.
